SUMMARY

Power BI / Data Analyst with 3+ years of experience in SQL-based reporting and business intelligence. Strong in SQL Server, data analysis, Power BI dashboards, and report optimization. Experienced in converting business requirements into clear, actionable insights to support decision-making.

PROFESSIONAL EXPERIENCE

Gebbs Healthcare, Mumbai

Data Analyst / Power BI Developer | *Dec 2023 – Aug 2025*

- Designed and maintained **Power BI dashboards** for operational and management reporting.
- Wrote and optimized **SQL Server (T-SQL)** queries to prepare datasets for reports.
- Improved report refresh and query performance through filtering and indexing.
- Performed **data validation and reconciliation** to improve reporting accuracy.
- Worked with business users to understand KPIs and reporting needs.

Capgemini, Mumbai

Software Developer – Data Analytics | *Nov 2021 – Dec 2023*

- Developed **SQL-based reports** used by internal and client teams.
- Built Power BI reports using **SQL Server and Excel** data sources.
- Optimized queries on large datasets to improve performance.
- Automated recurring reports, reducing manual reporting effort.
- Collaborated with analysts and stakeholders to refine metrics.

Mitr Learning Media, Mumbai

Software Developer | *2019 – 2021*

- Developed basic web modules using HTML, CSS, and JavaScript.
- Supported internal applications and assisted with data-related tasks.

PROJECT

Power BI Sales & Operations Dashboard

- Built interactive dashboards using **SQL Server data**.
- Created DAX measures for KPIs and trends.
- Implemented filters, slicers, and drill-downs for usability.

SKILLS

- **SQL Server:** Joins, CTEs, Views, Query Optimization
- **Power BI:** DAX, Data Modeling, Dashboards, Power BI Service
- **Tools:** SSMS, Excel
- **Programming:** Basic Python
- **Languages:** English, Hindi, Marathi

EDUCATION

Bachelor of Computer Applications (BCA)
Yashwantrao Chavan Maharashtra Open University — 2020
